

# Jobs Charades for Kids

Friendly community helper and career charades.

Jobs

## How to play

- Print the cards on US Letter paper and cut along the dashed lines.
- Place the cards face down. One player draws a card and acts it out silently.
- Everyone else guesses. Set a 60-second timer for each turn.
- For younger kids, let a grown-up read the card quietly to the actor.

**24 cards** included. Best for ages 4-10, family-safe play, classrooms, birthdays, and rainy-day activities.

**Mechanic**

**Nurse**

# License and Safety Notes

This printable pack is a curated children's activity set. Cards avoid adult, violent, scary, political, and brand-specific prompts.

The card art uses original watercolor-style illustrations composed into a consistent printable vintage card template.

Print tip: use "Actual size" or "100% scale" in your printer dialog so the cut lines stay aligned.
